Put a plus sign (+) in the gross or net row if your team won the hole. Total the plus signs in the total column.
 POINTS - one point for highest total gross and net for front nine, back nine and all 18

INTRA - TEAM COMPETITION

- \$3 entry fee from every player
- Low net team of the day will get \$5
- Most net points will get \$3 (if same as low net, it will go to next highest)
- Team with most gross points will get \$3 each

Linda and/or Beckey will be in the clubhouse until 30 minutes before the first start time to pass out scorecards and collect your \$3. If we are not there, we have gone to warm up and you can probably find us on the putting green. When you arrive, please check in with the captain first, get your scorecard, pay your \$3 and then pay your green fee and warm up. We will leave the scorecards with other team players if we do not see you before we tee off. If your partner does not show up for the match, you will play alone.

DEFAULT: If both players on a side are more than 5 minutes late, the other team can take a default of the match. 1st hole will be halved if both teams are late. If both players on a side are late but less than 5 minutes, result is loss of first hole.
